WHAT TO EXPECT

Level 1 will focus on learning the basics of music and sight singing. Note and rhythm recognition, circle of 5ths, key signatures, intervals, solfege and other ear training tools.

Level 2 will focus on applying the skills learned in Level 1 and adding to them. This class will build further on sight singing material in a group (and in harmony). Level 1 sets the foundation for Level 2 but some students may want to revisit Level 1 or supplement with piano and /or theory with Louise at DCMS.

Level 3 will focus solely on the skill of sight singing new material weekly and sharpening the ear!
